About Takkar Polychem Pvt. Ltd.

Takkar Polychem Pvt. Ltd. is a trusted partner in delivering high-performance RoHS 3.0 PVC Compounds, LSZH Compounds, and Masterbatches for the wire and cable industry.

Backed by the three decades of technical expertise of its directors, the company combines engineering excellence, system-driven manufacturing, and global compliance to produce reliable, high-quality compounding solutions.

Through continuous innovation and adherence to international standards, Takkar Polychem has set new benchmarks in RoHS compliance, product reliability, and safety, serving leading manufacturers across automotive, electrical, consumer, and industrial sectors.
